BALANCE

**Balance Public Service Cuts with
Closing Corporate Tax Giveaways**

**RALLY Thursday, February 11 at 12:00 PM
West Steps of the Capitol (Rain or Shine)**

Colorado is facing a \$1.7 billion shortfall next year. We cannot rely solely on cuts to public services like K-12 Education, Higher Education, and Health Care to close that gap. We must strike a better balance by including revenue options in our budget plan. By closing corporate tax giveaways, Colorado can minimize the deep cuts to essential public services on which all Coloradans depend. Join the Rally on February 11th and let your voice be heard.
