

**RESTORE THE STATE EITC!  
GIVE CREDIT WHERE CREDIT IS DUE**

State Senator \_\_\_\_\_,

As a constituent and a voter, I urge you to take a stand to restore the state Earned Income Tax Credit at 10% of the federal credit this legislative session.

Over 250,000 Coloradans struggle to make ends meet, and the state EITC is an effective policy that helps low-income working people become self-sufficient. The state EITC not only assists low-income people with their immediate needs like rent, healthcare, childcare, and bills, but it has been proven to support local economies and regional economic development.

I urge you to stand with Colorado's families and communities in the ongoing fight to combat poverty. The state legislature has the power to restore the state EITC to 10% of the federal credit and make it permanent. Hardworking families deserve credit where credit is due, and now is the time.

Thank You,

**RESTORE THE STATE EITC!  
GIVE CREDIT WHERE CREDIT IS DUE**

Dear **Governor Ritter**:

As a constituent and a voter, I urge you to take a stand to restore the state Earned Income Tax Credit at 10% of the federal credit this legislative session.

Over 250,000 Coloradans struggle to make ends meet, and the state EITC is an effective policy that helps low-income working people become self-sufficient. The state EITC not only assists low-income people with their immediate needs like rent, healthcare, childcare, and bills, but it has been proven to support local economies and regional economic development.

I urge you to stand with Colorado's families and communities in the ongoing fight to combat poverty. The state legislature has the power to restore the credit and make it permanent, but your support is crucial to this effort. Hardworking families deserve credit where credit is due, and now is the time.

Thank You,
